Our investment returns are reported gross of fees, which are currently 15 basis points.

INVESTMENT MANAGEMENT

The investment policy of the Oklahoma City Community Foundation calls for a portfolio of equities and fixed income securities that is highly diversified. Capital preservation, protection against inflation, continual distribution and long term growth are the fundamental objectives of the Community Foundation's investment strategy.

Responsibility for investment policy and manager selection rests with a twelve member investment committee composed of nine Trustees or former Trustees and three non-Trustee Oklahoma City community leaders with strong investment expertise. The investment committee for Fiscal Year 2024 is chaired by Shelley Maxted, and includes Mike Collison, Dr. Russell Evans, James Ma, Dr. Ken Miller, David Stanley, and Chuck Wiggin. Steven C. Davis, Paul Dudman, Mark Funke, Kirkland Hall and Christian Keesee serve as ex officio members.

This committee, along with investment counsel, Goldman Sachs Personal Financial Management, determines asset allocation between equities and fixed income. To provide diversity in the portfolio, the committee addressed allocation as to different styles of equity management and chose style specific professional investment managers. Investment portfolios and performance is reviewed quarterly by the investment committee, with the managers being judged on a time horizon of three to five years.

If you have any questions, please call Rhonda Godwin at the Oklahoma City Community Foundation, (405) 235-5603.
