

The Faces of our Future

are being shaped by the work of non-profit groups such as the Boys and Girls Club of Oklahoma County. Armed with a **Great Grant** from the Oklahoma City Community Foundation, the Boys and Girls club breathed new life into McKinley Park at N.W. 13th and McKinley in Oklahoma City.

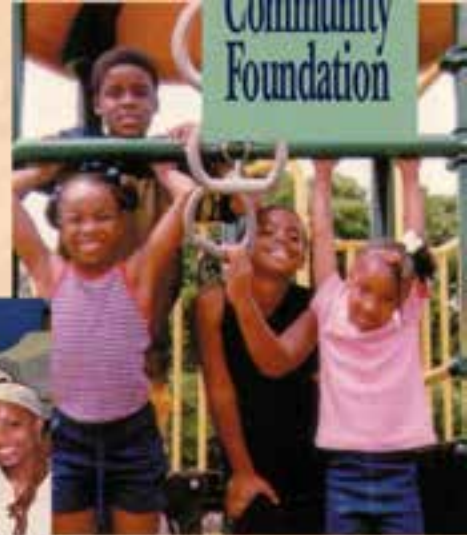

The **Great Grant** from the Community Foundation helped provide start-up Boys and Girls Club staffing of a park building in a neighborhood in need of positive youth programs. The result? By the end of its first month of operation, the new facility served up to 100 kids per day.

Reaching youth with positive programs during non-school hours is a focus of the Community Foundation. The initiative is one you can support with a contribution to the Community Foundation's Fund for Oklahoma City. **Great Grants** are helping donors help their community. If you are interested in making a lasting difference – whether it is helping shape

young lives or any other community need – call us first. We can help make your personal philanthropy as successful as a well-run youth program.

*Positive programs offered by the Boys and Girls Club reached new kids, thanks to a **Great Grant** from the Oklahoma City Community Foundation. The grant funded staff for a new Club at McKinley Park in Oklahoma City.*
