

2005 Fund Balance & Distribution Report for Endowment Fund Donors

Following are the charitable organization endowment funds at the Oklahoma City Community Foundation from which an annual distribution is made to the beneficiary organizations. The first column gives the total distribution made from the fund and the second column gives the balance in the fund as of June 30, 2005. In most cases, the distribution is based on 5 percent of the average market value of the fund over the previous 8 quarters. Affiliated funds may have different distribution policies based on the documents that govern those funds. Scholarship fund distributions reflect the awards made in the year. Awards may not be paid until a later time.
