COMMUNITY FOUNDATION SCHOLARS & FOUNDATION OF PROMISE SCHOLARS

ONE SIMPLE GOAL IN MIND

When the Oklahoma City Community Foundation's board of Trustees launched the New Opportunities Scholarship Initiative in 1998, the decision was made with one simple goal in mind: to encourage more students in Oklahoma County to attend college or other post high school training. The initiative was created upon the belief that to ensure our community remains a quality place to live and work, then higher education must become a viable option for any high school student in Oklahoma County who is eligible and has the desire.

The Oklahoma City Community Foundation Board of Trustees is pleased to present this commemorative publication in recognition of the 2005 Community Foundation Scholars and the 2005 Foundation of Promise Scholars. The Trustees congratulate the recipients and wish them success in all future endeavors.

FOUNDED IN 1969 by Oklahoma City businessman and philanthropist John E. Kirkpatrick and fellow business leaders, the Oklahoma City Community Foundation is recognized as the metropolitan area's non-profit public charity that works with donors and non-profit organizations to create funds that will benefit the community both now and into the future. Through the generosity of thousands of donors over the past 35 years, the Oklahoma City Community Foundation has grown to be one of the community's most trusted and credible organizations and a leader in identifying emerging issues and developing programs to meet those issues.

The Oklahoma City Community Foundation manages more than 900 funds with assets in excess of \$460 million. These funds represent a wide variety of donor interests from education and scholarships to endowment funds for non-profit agencies to the beautification of public lands and parks. The Oklahoma City Community Foundation also operates the country's largest agency endowment fund program in the

country with more than 250 local non-profit agencies with permanent endowment funds.

The Oklahoma City Community Foundation is governed by a 15-member board of trustees comprised of business and civic leaders. Trustees are selected to serve due to their proven integrity, community knowledge and their ability to make fair judgments on complex issues.

NEW OPPORTUNITIES SCHOLARSHIP INITIATIVE

The New Opportunities Scholarship Initiative focuses on not only offering financial support to worthy students through five distinct scholarship programs but by also serving as a resource for high school guidance counselors. In the program's first five years (1998–2002), \$905,000 was awarded in scholarship funds to 938 students in Oklahoma County. In 2003, the Oklahoma City Community Foundation Trustees sought to build upon this success and, as a result, committed \$2.1 million toward the initiative through 2007, more than double the amount allocated in the initial five years. To date, the New Opportunities Scholarship Initiative has awarded \$1.3 million in scholarship funds to students in central Oklahoma.

The New Opportunities Scholarship Initiative is comprised of the following five programs: The Community Foundation Scholars, the Foundation of Promise Scholars, Oklahoma Youth With Promise Scholars, the Non-Traditional Student Scholars and the Nurse Education Program:

COMMUNITY FOUNDATION SCHOLARS

The Community Foundation Scholar program rewards good students who are also good citizens who might not otherwise qualify for awards based solely on the academic standards. The \$1,200 per student scholarship is a means by which the Oklahoma City Community Foundation can encourage recipients to be successful college students. In 2005, the Oklahoma City Community Foundation is awarding 82 Community Foundation Scholar awards.

FOUNDATION OF PROMISE SCHOLARS

The Foundation of Promise program provides scholarships for first-generation college students — those who will be the first in their family to attend college. To be eligible for a Foundation of Promise Scholar award, a high school junior must apply and agree to complete specific activities in preparation for college admission. Upon completion of these activities, the student becomes eligible for a \$1,200 scholarship to any accredited post-secondary educational institution. In 2005, 72 students will receive Foundation of Promise Scholar awards.

YOUTH WITH PROMISE SCHOLARS

The Oklahoma City Community Foundation works with both public and private agencies to help children who graduated while in Oklahoma's foster care system receive scholarships. Students receive support from volunteer mentors in addition to funds for college. Most recently, 28 students received scholarships from this program.

NON-TRADITIONAL SCHOLARS

Helping adults re-enter the educational system is the goal of the Non-Traditional Scholars program. Working through six agencies, the Oklahoma City Community Foundation identifies students who have completed one educational program and have both the ability and desire to advance to another program. The sponsoring agency identifies the students and agrees to provide mentoring as the student participates in the new educational program.

NURSE EDUCATION PROGRAM

In an effort to address the qualified staffing challenges facing area hospitals, the Oklahoma City Community Foundation collaborated with five metropolitan hospitals to launch the Nurse Education Program in 2003. The program offers scholarships to nurses employed at the participating hospital and seeking an RN certification or a bachelor's degree. In 2004–05, the program provided \$60,000 in scholarships to 54 nurses at five metro area hospitals.

THE OKLAHOMA COUNTY GUIDANCE COUNSELOR NETWORK

An important ingredient in the Oklahoma City Community Foundation's New Opportunities Scholarship Initiative is the involvement of the guidance counselors at each of the 39 high schools in Oklahoma County as well as Piedmont, Moore, Westmoore, Yukon and Mustang high schools. For many students, the guidance counselor may be the only source of information on college admission requirements and financial aid resources.

Realizing the important role the counselors serve, the Oklahoma City Community Foundation formed the Oklahoma County Guidance Counselor Network. For many of these counselors the information shared at the Network's two free workshops per year is the only opportunity they may have to learn about current college admission issues and financial aid opportunities. In

addition, the Oklahoma City Community Foundation coordinates campus visits for counselors to universities, colleges and technology centers, both public and private. As an added incentive, the Oklahoma City Community Foundation provides at least one Community Foundation Scholars award to each high school with a participating guidance counselor.

THE OKLAHOMA CITY COMMUNITY FOUNDATION SCHOLARSHIP TEAM

Anna-Faye Rose, scholarship administrator, oversees the New Opportunities Scholarship Initiative and has been with the Oklahoma City Community Foundation since 1995. She is assisted by Linda Keefe, a retired high school counselor. Both Anna-Faye and Linda provide hands-on experience in dealing with youth, college admissions and scholarship administration. In addition, fellow staff

members provide fund management services, promotion and development of funds.

The Oklahoma City Community Foundation Scholarship Committee is comprised of a diverse group of key community and business leaders who volunteer their time and expertise to provide valuable insight and guidance to the New Opportunities Scholarship Initiative.

NEW OPPORTUNITIES SCHOLARSHIP INITIATIVE: MAJOR DONORS

The success of the New Opportunities Scholarship Initiative would not be possible without the support of the many donors who have provided funds to be used for scholarships and varied educational programs. Below are highlights of a number of the major donors whose gifts provide substantial support for the Initiative.

CENTRAL HIGH SCHOOL ALUMNI ASSOCIATION

The Central High School Alumni Association (CHSAA) continues with a tradition of education for the community by providing scholarships for students who graduate from central Oklahoma high schools. Founded in 1892, Central High School was the first high school in Oklahoma City, providing educational services for Oklahoma City area students until its closure in 1968. According to Robert Ross, class of 1946, the alumni want to continue to honor the tradition of quality education by helping deserving students continue their education after high school.

In addition to the Community Foundation scholars, CHSAA funds at least one vocational technical scholarship and the Leveta Land Scholarship for a student in secretarial science. CHSAA is funding six Community Foundation Scholar awards in 2005.

IRENE P. AND SAMUEL E. FRIERSON EDUCATIONAL TRUST

Dr. and Mrs. Frierson were long-term residents of Oklahoma City. They died in the early 1960s. Dr. Frierson was a native of Mississippi and a graduate of Tulane University. He served as an army surgeon in France during World War I and practiced medicine in Oklahoma City for more than 40 years. The Friersons had no surviving children and created the Frierson Educational Trust to provide scholarships for students that attend college in Oklahoma. The Oklahoma City Community Foundation is honored to have the Frierson Educational Trust, currently administered by the Bank of Oklahoma Trust Department, as a sponsor of the Community Foundation Scholars awards.

WINONA S. PRESLEY FUND

The Winona S. Presley Fund was established in 1999 and supports a variety of educational programs. Mrs. Presley was a resident of Britton, Oklahoma where she was a longtime supporter of education. In addition to her fund at the Oklahoma City Community Foundation, Mrs. Presley

established endowments at the Oklahoma 4-H Foundation, the University of Central Oklahoma and Oklahoma City University. Within the New Opportunities Scholarship Initiative, the Presley Fund supports the activities of the Oklahoma County Guidance Network, enhancing the knowledge and expertise of Oklahoma County's guidance counselors.

WILLIAM M. AND JANET S. JOHNSON SCHOLARSHIP FUND

The William M. and Janet S. Johnson Scholarship Fund, which was established through bequests, provides opportunities for graduates of Minco High School who show promise of benefiting from higher education. In addition, the fund also supports the Initiative's Nurse Education Program.

WILLIE ELIZABETH SHIPLEY FUND AND THE E.K. GAYLORD FUND

Through the generosity of donors Willie Elizabeth Shipley and E.K. Gaylord, the Oklahoma City Community Foundation is able to provide funding for Community Foundation and Foundation of Promise Scholars.

Miss Shipley worked as the Secretary of the Oklahoma State Senate for 48 years and documented some of the most colorful history of a developing state. In 1903, Mr. Gaylord moved from Colorado to Oklahoma Territory and established the Oklahoma Publishing Company which publishes The Oklahoman.

ADDITIONAL MAJOR DONORS TO THE NEW OPPORTUNITIES SCHOLARSHIP INITIATIVE

The Oklahoma City Community Foundation is pleased to acknowledge the support of the following donors who have made gifts in support of one or more of the New Opportunities Scholarship Initiative programs.

HOW TO START A SCHOLARSHIP FUND AT THE OKLAHOMA CITY COMMUNITY FOUNDATION

In addition to the New Opportunities Scholarship Initiative, the Oklahoma City Community Foundation also administers more than 80 additional scholarship funds for a wide variety of groups and organizations, making the Oklahoma City Community Foundation the state's largest independent administrator of scholarship programs. In 2005, the Oklahoma City Community Foundation will administer scholarships and awards to more than 500 students.

There is no better way to invest in the future than either establishing or contributing to a scholarship fund at the Oklahoma City Community Foundation. For the past 35 years, individuals and organizations have started scholarship and award funds for a variety of reasons. Some want to honor the memory of a loved one, others want to promote a particular profession or occupation and still others seek to support students from specific segments of our society.

The Oklahoma City Community Foundation makes it easy for donors to establish scholarship funds by providing all of the administrative assistance to manage the funds and paying the scholarship award to the appropriate institution while the donors may choose to be as involved in the process as they wish. Above all else, donors can be assured that the fund will continue to be administered according to their intentions long after their death.

Perhaps you have a desire to establish a scholarship. A great place to start would be at www.occf.org under the Scholarship Center tab. You may also want to contact Anna-Faye Rose, Scholarship Administrator, at (405) 235-5603 or a.rose@occf.org.
