

The Power of Endowment
SIMPLE. FLEXIBLE. FOREVER.

JOHN E. KIRKPATRICK 1908–2006

John Kirkpatrick was most of all a man of very generous spirit. He cared about the welfare of people and organizations and contributed in ways that he thought would encourage opportunity and the chance to succeed.

He already had a private foundation in the mid 1960s when he asked his attorney friend, Don Ellison, to research the idea of a community foundation. Mr. Kirkpatrick thought that it could provide an opportunity for other donors to make gifts as well as serve as a more flexible vehicle for his own giving. In 1969, he and Ellison incorporated the Oklahoma City Community Foundation. While they enlisted other community leaders like Dean McGee, Harvey Everest and Babe Eddie to serve on the board, the new community foundation was clearly "John Kirkpatrick's project." "I think he was the only one

who really understood what he was trying to do," said a bank trust officer.

But John Kirkpatrick gave the new community foundation more than just a vision. He contributed generously in those first few years, he encouraged his friends and colleagues to establish funds, and he offered to match gifts for endowment funds for charities. He nurtured the organization's administrative needs, led its board for the first 10 years, and provided the long term oversight that allowed the concept of the "community's endowment" to be established and to thrive. When this organization moved from Mr. Kirkpatrick's offices in 1987 to its own building, it had the financial stability and the administrative structure to become a viable and important contributor to the growth and quality of life of Oklahoma City.

After Mr. Kirkpatrick turned over the governance and the administration of the Community Foundation to others, he began to utilize it for his own philanthropy. The establishment of the endowment funds for the Kirkpatrick Center and the creation of the Kirkpatrick Family Fund, two of his lifetime philanthropic efforts, represented a significant charitable commitment to Oklahoma City that he expected to continue long beyond his own life. And he knew that the Community Foundation would ensure that his charitable goals for those funds as well as those of hundreds of other donors would be fulfilled.

Mr. Kirkpatrick was always thinking and planning for the future and investing his gifts in a way that would provide a benefit for many years to come. He had very strong personal values of hard work, thrift and patriotism that were legendary. He appreciated the opportunities that he had been given and the people with whom he worked. He was loved by those who knew him and respect by his peers in business and in philanthropy. His grandson, Chris Keesee, referred to Mr. Kirkpatrick as "the Grandfather" because, in so many ways, he was the "grandfather" to the community.

John Kirkpatrick has left a substantial financial legacy for charity but an even greater personal legacy of generosity and caring. Our task at the Oklahoma City Community Foundation is to be good stewards of both. We will miss him greatly.

The power of endowment is visible in our community each and every day.

You can see it in the faces of the donors who create and support endowments and in the smiles of those whose lives are impacted.

At the Oklahoma City Community Foundation, we maintain the power of endowment by making charitable giving simple, flexible and forever. And we all benefit.

DEAR FRIENDS OF THE OKLAHOMA CITY COMMUNITY FOUNDATION:

James H. Holloman Jr.
President, Board of Trustees

Nancy B. Anthony
Executive Director

It is our pleasure to present the 2006 Annual Report of the Oklahoma City Community Foundation. This is our opportunity to update you on the activities of the organization over the past year and to honor the donors whose contributions have built the community's endowment.

One of the most visible activities occurring this past year is the construction of a new community building. In the 2004 Long Range Plan, the Trustees included the prospect of a new facility to better serve donors and the community as well as accommodate a growing staff. During the past fiscal year, property was acquired, an architect selected and construction started on a new facility. For more information on this exciting project, please see page 8.

During the past fiscal year, we continued our role as stewards of the community's endowment. We witnessed the number of our funds increase to just over 1,000 with more than \$482 million in assets. In addition, we distributed \$14.4 million in grants and distributions toward charitable projects and programs to help the community.

A part of our mission is to develop responses to issues that arise within the community. After research and consideration of opportunities, the Trustees launched two initiatives that address two key areas: healthy lifestyles and adult literacy. For more information on these initiatives and our other Community Programs, please see pages 74-83.

In 1969, John E. Kirkpatrick and eight fellow civic leaders, armed with a desire to provide a way for individuals to help their community through charitable giving, created the Oklahoma City Community Foundation. These leaders set into motion an organization that thousands of donors have come to trust as a valuable resource in central Oklahoma. Our current Trustees and staff continue to pursue that mission of helping donors help the community.

As you review the 2006 Annual Report, we hope you take time to read the donor stories. These are just a few of the people, past and present, who make what we do possible.

MAKING A DIFFERENCE

As a certified public accountant, Kent Mauk knows full well the tax benefits available to donors who make charitable gifts to the Oklahoma City Community Foundation. Through his own Advised Fund, Kent also knows that charitable giving can have an impact on issues important to you. Kent, a bicycle enthusiast, recommended a gift through his fund that helped to fund the addition of bicycle racks to all Metro Transit buses and trolleys in central Oklahoma. "There was a real public need for these bicycle racks and I was glad I was able to help," he says. Kent established his Advised Fund in 2004 with appreciated securities.

OUR FUND OPTIONS MAKE GIVING SIMPLE AND FLEXIBLE

Advised Funds

Advised Funds are a great opportunity for you and your family to establish a charitable legacy. An Advised Fund can be established in one tax-year and the donor receives an income tax deduction in that year and yet can make a grant recommendation in the following year. The fund can be the residual beneficiary of a trust, insurance policy, charitable gift annuity or retirement account. Because the donor can recommend grants from the fund, the charitable benefit can continue into the future. The ability to recommend charitable grants can be continued by family members creating a charitable legacy. For more information on our Advised Fund Program, please see page 65.

Family Affiliated Funds

Family Affiliated Funds are endowments that are a perfect alternative to private foundations. A Family Affiliated Fund is a 509(a)(3) supporting organization of the Oklahoma City Community Foundation and offers the type of donor involvement available through a private foundation with more flexibility and efficiency. Please see page 43-45 for information on Family Affiliated Funds and Distribution Committee Funds.

Charitable Organization Endowments and Charitable Organization Affiliated Funds

We administer the country's largest endowment program for charitable organizations. Please see pages 47-55 for a report on the Charitable Organization Endowment Program. Charitable organizations may establish a Charitable Organization Affiliated Fund with organizational gifts of \$1 million or more. Please see pages 56-57 for a listing of the Charitable Organization Affiliated Funds.

Scholarship and Award Funds

With oversight for nearly 100 scholarship and award funds, we administer the state's largest independent scholarship program. Established by individuals, corporations, charitable organizations and civic groups, the funds provide support for individuals who are seeking to improve themselves through higher education or additional post-high school training. Please see pages 60-64 for a listing of the Scholarship and Award Funds.

Unrestricted Funds

Unrestricted Funds are used by the Trustees to meet the changing needs of the community through the Fund for Oklahoma City. Donors may choose to establish an unrestricted fund, in their name or the name of someone they wish to honor, to provide the greatest level of support for community needs and opportunities. For more information on the Fund for Oklahoma City, please see page 76.

In accepting a contribution to any fund, the Trustees of the Oklahoma City Community Foundation commit to the donor that the contribution will be protected for the charitable purpose originally intended. Funds received by the Oklahoma City Community Foundation are subject to Variance Power, described by U.S. Treasury Regulations as the power of the governing board (Trustees of the Oklahoma City Community Foundation) to modify any donor restrictions as to distributions if they determine them to become unnecessary, incapable of fulfillment, or inconsistent with the charitable needs of the community. This assures donors that if the charitable purpose of their contribution becomes impractical or impossible, the distributions will be directed to similar purposes in the community.

OPTIONS TO HELP YOU DECIDE WHAT AND WHEN TO GIVE

Once you've determined the type of charitable fund you would like to establish, the next step is deciding what and when to give. Below is a snapshot of the giving options available through the Oklahoma City Community Foundation. Any questions, please contact Carla Pickrell at 405/235-5603 or c.pickrell@occf.org or visit www.occf.org.

GIVING NOW: YOUR OPTIONS

By giving now, you can experience the impact that giving has on the community.

Cash Gifts

Cash is one of the easiest ways to make a charitable contribution. A cash contribution to the Oklahoma City Community Foundation can be in the form of cash, check, money order or cashier's check. We also accept gifts to existing endowments online at www.occf.org.

Real Estate

Real estate may be given at appraised value. If appreciated, capital gain taxes may be avoided on the real estate appreciation if the property is contributed to the Oklahoma City Community Foundation. Gifting real estate may allow you to preserve liquid assets while maximizing your charitable contributions.

Stocks and Bonds

If appreciated, marketable or closely-held securities, such as stocks and bonds, offer you the ability to realize significant tax savings while maximizing your charitable contributions. The securities may be given so that the donor receives an income tax deduction equal to the fair market value of the donated assets while avoiding the capital gains tax on those donated assets. We will work with donors to facilitate the donation of both marketable and closely held securities. We have accounts at many brokerage firms and can facilitate in the transfer of donors' securities.

Oil and Gas Interests and Royalty Interests

Both oil and gas working interests and royalty interests may be donated to the Oklahoma City Community Foundation. The contribution of oil and gas interests may allow the donor to preserve liquid assets while maximizing charitable contributions.

GIVING LATER: YOUR OPTIONS

By making a planned gift through your estate, you defer your giving and can create a charitable legacy.

Charitable Gift Annuities

A charitable gift annuity (CGA) provides the donor not only with income for life but also the peace of mind of making a difference through a lasting gift to the community. Through a CGA, a donor makes a gift with cash or other assets, receives income for life and, at the end of the annuity, the remaining assets will go to the charitable funds of the donor's choosing. See CGA sample chart on page 6.

Bequests

With a bequest, a donor can designate a percentage, the residual or their entire estate to benefit an existing fund or to establish a new fund. The donor can earmark specific assets for charitable purposes. A bequest may provide a donor's family with substantial reductions in federal estate taxes. See the sample bequest language at www.occf.org.

Retirement Plan Assets

Retirement plan assets are subject not only to estate taxes, but also income taxes. To reduce this burden on heirs and to create a charitable legacy, donors can use retirement plan assets to maximize their charitable contributions by establishing an advised fund. The donor's heirs can make suggestions as to which charitable organizations or causes to support with the earnings from the fund.

Charitable Remainder Trusts

A charitable remainder trust allows a donor to place assets in a trust that pays annual income to the donor or a beneficiary for life or a term of years. Upon the trust's termination, the remaining assets will benefit a fund designated by the donor. This can be an existing fund at the Oklahoma City Community Foundation or an advised fund established by the donor. Also, we can serve as Trustees of such trusts.

Life Insurance

Life insurance can be an effective means for a donor to fund a charitable giving plan without significant outlays of cash. Since life insurance generally results in a large payment at one time, this can be an ideal vehicle to involve and initiate family philanthropy with an advised fund or create an endowment for a specific charitable purpose.

YOUR IRA: NEW LAW OFFERS A CHANCE TO MAKE GIFT OF A LIFETIME

In 2006 and 2007, people age 70 1/2 and older can transfer up to \$100,000 per year from traditional or Roth Individual Retirement Accounts (IRAs) to charity – without incurring income taxes today or estate tax in the future. If married, each spouse can transfer up to \$100,000 from his or her IRA. A single gift can last forever if made to an endowment at the Oklahoma City Community Foundation. At the Oklahoma City Community Foundation, there are several fund options that can be utilized for the IRA charitable transfer:

The **Fund for Oklahoma City** is an unrestricted fund that addresses a broad range of current and future needs and opportunities through strategic grants to charitable organizations.

Through a **Field of Interest Fund** we award grants to community organizations and programs addressing the donor's specific interest area.

A **Donor Designated Fund** allows a donor to designate one or more charitable beneficiary organizations at the time the gift is made.

A gift to **Scholarship and Award Funds** will provide automatic annual awards for students as designated by the donor at the time the gift is made.

CREATING PEACE OF MIND WITH A CHARITABLE GIFT ANNUITY

As Joe Leonard neared his retirement from a long teaching career at the University of Oklahoma's College of Medicine, he and his wife Karen came to the Oklahoma City Community Foundation to discuss their long-term charitable giving options. With the assistance of their professional advisor and our staff, the Leonards decided to establish a charitable gift annuity.

"Being able to share our financial resources and time with community service and educational organizations is important to us," Joe says. "With a charitable gift annuity, we are using a mechanism to ensure that our commitment to these organizations continues well into the future and, at the same time, providing a source of income for our own future needs."

"Establishing the charitable gift annuity through the Oklahoma City Community Foundation provides Joe and me with peace of mind as we begin a new stage in our lives," Karen says.

Possible Annuity Payments for a \$20,000 gift

Your Age	Annuity*	Your Ages	Annuity*
60	5.7%	70/68	5.8%
70	6.5%	76/73	6.3%
80	8.0%		

* Annuity rates as of October 1, 2006. Annuity rates are subject to change. Once your gift is made, the annuity rate remains fixed.

A charitable gift annuity is not regulated by the Oklahoma Insurance Department and is not protected by a guaranty association affiliated with the Oklahoma Insurance Department.

CONSTRUCTION UNDERWAY ON NEW BUILDING

The construction of a new facility signals a new phase in the 37-year history of the Oklahoma City Community Foundation. Located at the southeast corner of North 10th Street and North Broadway Avenue, the new project is the result of significant commitment of time and resources from the Trustees.

An important element of the 2004 Long Range Plan called for a new facility to enhance services to donors and accommodate a growing staff. In the plan, the Trustees set forth several objectives for the building project including maintaining a presence in a central location, allowing room for staff growth, providing meeting space for charitable organizations and remaining accessible to donors and the general public. A Facilities Committee, comprised of Trustees and led by Kirkland Hall, was formed to oversee the project.

The Oklahoma City Community Foundation purchased the vacant block located on the east side of North Broadway Avenue between North 10th Avenue and North Ninth Avenue. The majority of the property was owned by Kerr-McGee, which generously assisted with the acquisition.

Through a competitive process, the committee recommended the selection of Hornbeek Blatt Architects, P.C., an Edmond, Okla.-based firm. Timberlake Construction, an Oklahoma City-based company, won the building contract through a competitive bidding process.

Key Features:

Building Size – Building will be approximately 18,000 square feet.

Community Use – Approximately 9,000 square feet will be available for community and charitable organizations to use for meetings and events. The Community Room will feature audio visual support as well as a catering kitchen and separate entrance from office space.

Donor Plaza/Gallery – A prominent feature will be an elliptical-shaped outdoor plaza at the corner of North Broadway Avenue and North 10th Street that complements the decorative paved intersections of Automobile Alley. Visitors entering the building through the outdoor plaza will walk into a gallery that connects the Community Room with the office portion of the building. The gallery will offer opportunities for donor recognition as well as special exhibits.

Proposed Completion Date – Summer 2007.

Individuals, families and businesses that have made cumulative contributions totaling \$1,000 to \$10,000 since 1969 are considered Major Donors. A number of these donors made a one-time contribution to either an endowment or advised fund while others make a gift each year. Regardless the amount or frequency of the gift, each Major Donor has played a role in strengthening our community. If you are interested in becoming a Major Donor, please contact Jennifer Stewart at 405/235-5603 or j.stewart@occf.org.

In FY2006, the total distribution for the nearly 300 charitable organizations with endowments was \$5.1 million. For more information on the investment and distribution policies, please contact Carla Pickrell at 405/235-5603 or c.pickrell@occf.org.

Endowment Development

Our staff works with the staff and boards of charitable organizations to assist with the development of their endowments. We offer expertise on a variety of planned giving vehicles as well as the Planned Giving Design Center (PGDC) through our web site at www.occf.org. The PGDC is a comprehensive online resource for anyone with an interest in charitable giving.

In addition, the Oklahoma City Community Foundation promotes charitable organization endowments to donors through several annual publications and Central Oklahoma Charities, the region's most comprehensive online directory provided free of charge at www.occf.org. Our online giving service also allows donors the ease of making a gift using a major credit card to any endowment at any time.

Roundtables & Workshops

Throughout the year, we host 10 free roundtables that allow the staff of these organizations to learn about current issues as well as an opportunity to network. Topics cover areas such as technology, marketing, human resources and event planning.

In 2006 in partnership with Cole & Reed, PC, we introduced a series of continuing education workshops for CPAs who work for or with organizations with charitable endowments at the Oklahoma City Community Foundation. These free workshops focus on compliance and tax topics related to charitable groups and provide the attendees with two hours of credit.

Administrative and Support Services

Accounting and reporting services are provided to each charitable organization and for each major donor. This includes the acknowledgement of contributions as well as the facilitation of non-cash gifts such as real estate, stocks, oil and gas royalties and retirement plans. We administer charitable gift annuities and charitable lead trusts that benefit specific charitable organization endowments. See page 5 for further information.

Through DonorCentral, we offer charitable organizations a convenient online fund reporting system that tracks gifts to their endowment as well as past distributions.

Grants and Program Assistance

Our Capacity Building Program offers charitable organizations several key resources such as networking roundtables, technical assistance and grant opportunities. For more information on the Capacity Building Program, please see pages 77-79.

OKLAHOMA CITY HOUSING SERVICES REDEVELOPMENT CORPORATION — POSITIVELY PASEO

EDMOND PUBLIC SCHOOLS FOUNDATION

Through its grants program, the Edmond Public School Foundation is able to provide district teachers with tools to enhance the learning experience within their classrooms such as maps for elementary school classrooms. The foundation also constitutes a Principal for a Day activity for community leaders as a way to spotlight the importance of quality education. The Edmond Public School District is the state's fourth largest and serves more than 19,000 students.

45TH INFANTRY DIVISION MUSEUM

The 45th Infantry Division Museum was established in 1965 to preserve the state's military past and contributions to American history. The 45th Infantry Division was organized in 1923 and was formed with soldiers from Oklahoma, Colorado, Arizona and New Mexico. Following World War II, the division became an all-Oklahoma organization. Located in northeast Oklahoma City, the museum features several permanent exhibits including famed cartoonist Bill Mauldin's personal collection of his World War II works and an expansive outdoor Military Park.

OKLAHOMA ZOOLOGICAL SOCIETY

Through the efforts and commitment of more than 16,000 members, the Oklahoma Zoological Society supports the mission of the Oklahoma City Zoo. The organization's annual Ozzie's Egg Breakfast event is one of the group's most popular events and attracts more than 2,500 children and adults. The breakfast and other fund-raising activities help to support projects such as Zoo FUND, a grant program that ensures every child, regardless of ability to pay, can take part in educational activities at the zoo.

NINETY-NINES

Established in 1929 at an airfield in Long Island, New York, this organization of female pilots is named for the 99 charter members who joined together for the advancement of aviation. One of the charter members, famed pilot Amelia Earhart (pictured above in 1936), was the group's first elected president. Today, the Ninety-Nines is an international organization of more than 5,500 licensed women pilots representing 35 countries. The Oklahoma City-based group provides networking and scholarship opportunities. The organization also operates the Ninety-Nines Museum of Women Pilots.

ALL SOULS' EPISCOPAL CHURCH

All Souls' Episcopal Church was established during World War II as a mission to the children of what was then northern rural Oklahoma City. Gasoline rationing prevented many residents from driving their children to church services and Sunday school at St. Paul's Cathedral in downtown Oklahoma City. Originally chartered as a parochial mission, by 1947 the church had been granted full parish status. Located at North Pennsylvania Avenue and Northwest 62nd Street in what is now the City of Nichols Hills, the parish ministers to more than 1,000 families.

More and more donors are choosing to establish advised funds at the Oklahoma City Community Foundation because we make it simple, flexible and forever. With the three advised fund options outlined below, donors can choose the fund that best fits both their financial and charitable giving needs. In fiscal year 2006, more than \$3.2 million was awarded to Oklahoma-based nonprofit organizations through advised funds at the Oklahoma City Community Foundation. The Power of Endowment

ADVISED FUNDS

legacyfund

A Legacy Fund is the best alternative for families or an individual who may be considering establishing a private foundation or wants to create a lasting legacy. With a required minimum balance of \$10,000, a Legacy Fund offers both our excellent pooled investment performance as well as the handling of all required reporting and administrative details. Legacy Fund donors advise annually on the distributions from the fund and, because a Legacy Fund is a permanent fund, donors may name successor advisors to continue the process into the future.

giftfund

A Gift Fund is ideal for the donor who wants investment performance but desires the ability to distribute the total gift to charity. A Gift Fund can be established with a minimum of \$10,000. The Gift Fund is a less expensive and more effective alternative to commercial gift funds. The Gift Fund also provides donors a higher level of service than commercial funds offer, thanks to the expertise and availability of our staff.

expressfund

The Express Fund is a perfect vehicle for donors who want to make a year-end gift of appreciated stock or another non-cash asset to benefit one or more charities. An Express Fund can be established with a minimum of \$1,000. Because the entire amount of an Express Fund is spendable, there are no fees or income allocated and grants of any size can be made from the fund at any time.

The Advised Fund Program offers donors the following benefits:

- An income tax deduction in the year the fund is established while grants can be determined at a later date.
- Because the donor advises the grants from the fund, they have the flexibility to respond to changing needs and charitable interests as they arise in the community as well as better reflect their own changing interests.
- Advised funds are exempt from the limitations and taxes associated with a private foundation.
- Our staff handles all the paperwork, including all required reporting and administrative responsibilities.
- DonorCentral is a unique online service we offer to donors with a Gift Fund or Legacy Fund. Through DonorCentral, donors can recommend a grant and access their fund information 24 hours a day.
- Our strong investment performance adds value to both Gift and Legacy funds.
- Donors have the option to name the fund or gifts can be made anonymously.

For more information about establishing an Advised Fund at the Oklahoma City Community Foundation please visit www.occf.org or contact Jennifer Stewart at 405/235-5603 or j.stewart@occf.org.

KIRKPATRICK FAMILY FUND

The Kirkpatrick Family Fund offers grants in three categories: Small Grants are made for \$5,000 or less, Large Grants for requests of \$5,000 to \$100,000 and Matching Grants to grow Charitable Organization Endowment Funds at the Oklahoma City Community Foundation. For information and guidelines for the Kirkpatrick Family Fund, visit www.KirkpatrickFamilyFund.org or contact Liz Eickman at 405/767-3702.

The Power of Endowment SIMPLE. FLEXIBLE. FOREVER.

All of the Kirkpatrick Family Fund grant programs provide support and encouragement to many charitable organizations in the community. Through the foresight of John E. and Eleanor B. Kirkpatrick, nonprofit organizations in central Oklahoma have the opportunity to establish and grow endowments through the Matching Grant program. An endowment is a key financial component that supports an organization's ability to carry out its mission and programs. This guiding principle continues through the leadership of the Kirkpatricks' grandson, Christian K. Keesee, who serves as fund president. Matching Grants benefit organizations that participate in the Charitable Organization Endowment Program at the Oklahoma City Community Foundation.

In 2005-06, significant matching grants were made to six organizations that have mounted noteworthy endowment campaigns that will enhance their ability to accomplish their missions:

Casady School will match a \$500,000 grant to establish a fund to benefit the Humanities Department. This endowment will increase the school's capacity to attract the finest educators who will inspire and engage students through quality instruction.

Lyric Theatre will match a \$500,000 grant to their Charitable Organization Endowment. The endowment is a component of the \$14 million dollar campaign to renovate the Plaza Theatre and to renovate space for the Production Center and facilities for the Lyric Academy.

Oklahoma Historical Society will match a \$500,000 grant to establish a new Charitable Organization Endowment to support future development of exhibits and maintenance of its Research Library at the Oklahoma History Center. The total goal for the endowment is \$5 million.

Oklahoma City Philharmonic, in collaboration with **Ballet Oklahoma** and **Canterbury Choral Society**, will match a \$500,000 grant to the Oklahoma Philharmonic Affiliated Fund. The organizations plan to raise a total of \$6 million to ensure live orchestra music by the Oklahoma City Philharmonic for performances by Ballet Oklahoma and Canterbury Choral Society.

Each of these organizations has made a commitment to their respective future by working now to secure necessary resources to preserve facilities for programs, develop fresh exhibits, ensure excellence in education and maintain and elevate standards for performance. The Kirkpatrick Family Fund congratulates these organizations along with the others listed for their efforts to build their endowments at the Oklahoma City Community Foundation, ensuring their missions and programs continue to serve central Oklahoma.

COMMUNITY PROGRAMS

The Oklahoma City Community Foundation utilizes its Community Programs to address specific opportunities and issues within the community and to provide support for those organizations able to address the issues in effective ways. In 2005-06, these issues were addressed through the following program areas: Fund for Oklahoma City, Capacity Building, Literacy Is For Everyone (LIFE), Get Moving OKC!, Parks & Public Spaces Initiative and New Opportunities Scholarship Initiative.

The Power of Endowment

SIMPLE. FLEXIBLE. FOREVER.

A basic goal of each program area is to develop effective solutions to improve our community, not simply to distribute funds. Our staff also offers assistance in helping organizations develop meaningful programs and projects.

Community Programs are supported through several Field of Interest Funds as well as the Fund for Oklahoma City. In fiscal year 2006, the Oklahoma City Community Foundation distributed \$5.1 million to nearly 300 organizations through its Charitable Organization Endowment Program. In addition, more than \$500,000 was awarded to organizations through Community Programs grants and an additional \$3.5 million in Kirkpatrick Family Fund grants. Add the \$3.8 million in distributions made through advised funds and Affiliated Funds plus the \$600,000 awarded through scholarships and the total increases to \$14.4 million distributed back into the community in a 12-month period. The chart to the right illustrates the impact to specific interest areas.

More information about Community Programs as well as grant guidelines and applications are available at www.occf.org.

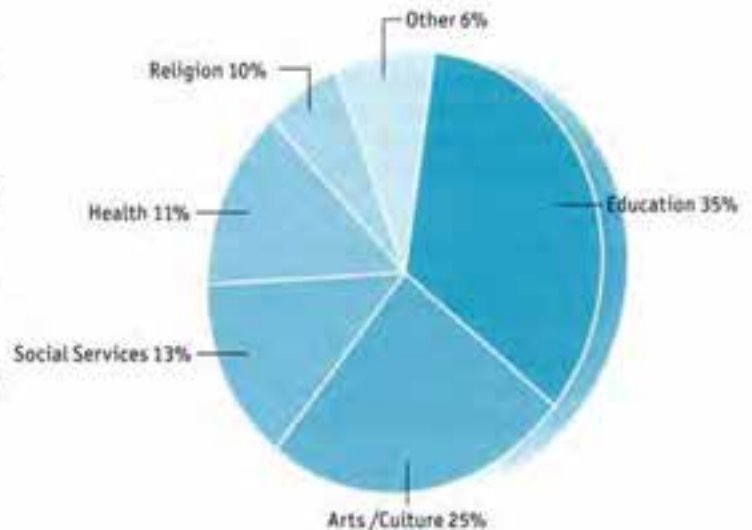

New Initiatives Launched in 2006

Two new initiatives were launched during fiscal year 2006. The purpose behind Get Moving OKC! is encouraging the integration of a physical activity – such as walking – for children and adults in order to minimize the potential for future illness and disease. To help launch the initiative, our staff identified more than 20 Great Places To Walk in central Oklahoma. These locations, along with detailed descriptions of amenities and directions, are posted on a free web page along with additional exercise and healthy living resources. The grants portion of the Get Moving OKC! initiative will start in the fall of 2007.

A second initiative addresses the issue of illiteracy within our community and is featured on page 75.

LIFE INITIATIVE

Literacy Is For Everyone (LIFE) seeks to assist organizations in providing opportunities for all children and adults to read, write and speak English at a functional level that allows for self-sufficiency and quality of life.

The objectives of the initiative are:

- *Build an infrastructure for addressing basic literacy needs in the community for adults, children and families.*

- *Provide an opportunity for all individuals to speak and learn English for both economic independence and for dealing with basic medical, legal and consumer issues.*

- *Build awareness in the community for literacy skills and integrate literacy into social services, job training and other rehabilitation programs.*

- *Prevent future illiteracy by encouraging families with children to read and to ensure that children have basic reading skills in elementary school.*

Through LIFE, the Oklahoma City Community Foundation is working with literacy and language providers to create a community level strategy for improving literacy. We have partnered with the United Way of Central Oklahoma, Oklahoma City Junior League and literacy providers to form the Oklahoma City Metro Literacy Coalition. In addition, ReadOKC.org was created and launched as a free online directory of literacy providers in the metropolitan area.

Through a grants program, the initiative provides funding for training, materials, awareness building and administrative support that improves the capacity of existing programs. In the initiative's first year, \$41,000 in grants was awarded.

EL CENTRO DE OPORTUNIDADES

In 2004, Mount St. Mary High School launched El Centro De Oportunidades Community Outreach Program as a way to address the need for English language training within the adult Hispanic Community. The center offers free instruction in two types of English language - survival and conversational grammar - in four levels of progression. Within a two-year period, the center has served more than 400 adults. A LIFE grant in 2006 supported the hiring of additional instructors.

FUND FOR OKLAHOMA CITY

The Fund for Oklahoma City is comprised of a group of unrestricted funds contributed by donors who recognized the need for resources that are flexible and can be used to respond to our community's changing needs and opportunities.

The Board of Trustees utilizes the fund to assist "good organizations doing important projects" that promote physical, social and economic impact. Those who donate to the Fund for Oklahoma City are investing in the future needs of the community and providing us with a unique opportunity to address issues as they arise.

If you are interested in contributing to the Fund for Oklahoma City or establishing a fund that supports changing needs, please contact Jennifer Stewart at 405/235-5603 or j.stewart@occf.org.

In addition to providing support for all of the Community Programs, the Fund for Oklahoma City also supports a grant program. Grant applications are accepted from established organizations who are implementing new programs or expanding existing ones.

In reviewing grant applications, both staff and the Community Programs Committee are looking for projects that go beyond the institutional needs of an organization or its clients and meet a broad community need or expand an existing program that includes outreach to a new group. In fiscal year 2006, the Fund for Oklahoma City provided \$125,600 in grants to the organizations listed below.

For more information on applying for a Fund for Oklahoma City grant, please contact Sandy Wright at 405/235-5603 or s.wright@occf.org.

CAPACITY BUILDING PROGRAM

Through the Capacity Building Program, we provide charitable organizations resources that improve their capacity to provide service. We recognize the need for good planning and quality management for charitable organizations to be successful and that is why we offer assistance through free workshops, web-based resources and a grants program. The services of the Capacity Building Program are only available to those organizations with charitable endowments at the Oklahoma City Community Foundation. For more information on the program, please contact Gayle Farley at 405/235-5603 or g.farley@occf.org.

The Power of Endowment

SIMPLE. FLEXIBLE. FOREVER.

Capacity Building Grants

Awarded three times a year, grants are the most visible aspect of the Capacity Building Program and have the greatest impact on the community because they support specific needs necessary to strengthen an organization. Capacity grants are awarded to organizations for programs, services or equipment designed to increase their management efficiency and for the development of plans to assist with future growth and improvement.

For many charitable organizations, Capacity Building grants serve as the only resource to address these important issues. Over the past five years, the Trustees have awarded more than \$350,000 in Capacity Building grants. During fiscal year 2006, the Capacity Building Program awarded grants totaling \$112,250 to 31 organizations.

Networking Roundtables

We host free roundtable lunchtime meetings throughout the year that offer presentations on important topics such as endowment building, event planning and grant writing. The roundtable meetings also provide an opportunity for staff members from a variety of organizations to network and exchange ideas.

Online Services

Central Oklahoma Charities is an important service provided to participants of the Charitable Organization Endowment Program. Available at www.occf.org, Central Oklahoma Charities benefits both the organizations and donors. As the region's most comprehensive, free online directory, the service makes it easy to find current contact information on the organizations. Each organization has its own web page that lists contact information, services offered and e-mail and web site links. In addition, we provide a secure online giving link on each page so donors can make gifts to an organization's endowment at any time using a major credit card.

DonorCentral is a convenient and easy online reporting system that is accessed via a secure password and username. Through DonorCentral, organization representatives can review endowment balance and gift and distribution history to the fund as well as up-to-date financial statements.

Charitable organizations can also find useful information and links to web sites through Additional Charitable Organization Resources. This web page offers a comprehensive list and web site links to both government and other service organizations available to charitable organizations.

Endowment Notebooks

Each organization is provided with a Charitable Organization Endowment Notebook. These customized notebooks contain historical information on gifts and grants, policies governing the fund and details about services available to organizations. The notebook serves as an organization's historical reference to its endowment. Staff are encouraged to make the notebook accessible to board members and to update it each year with the fund reports provided through the Charitable Organization Endowment Program.

PARKS & PUBLIC SPACES INITIATIVE AND MARGARET ANNIS BOYS TRUST

Through the Parks and Public Spaces Initiative and the Margaret Annis Boys Trust, the Oklahoma City Community Foundation makes beautification of our community a priority. Since 1991, these two funds have provided beautification grants and guidance to nearly 300 community-wide projects thus enriching the appearance of neighborhoods, schools, public parks and medians. For more information on our beautification programs and grants, contact Brian Dougherty at 405/235-5603 or b.dougherty@occf.org.

The Power of Endowment

SIMPLE. FLEXIBLE. FOREVER.

In fiscal year 2006, \$141,115 was provided in grants for beautification efforts in central Oklahoma. Beyond the monetary support of the grants, a vital benefit we offer is the expertise and technical assistance of Brian Dougherty. As a landscape architect and horticulturist, Brian not only provides guidance and information for the grants process but he is involved in many beautification projects throughout the community and brings valuable expertise to these projects.

In addition, we encourage the groups we work with to leverage the grants and assistance we provide to further enhance their projects. We know that taking a deeper interest in the appearance of our schools, neighborhoods and public parks benefits us all.

Margaret Annis Boys Trust

Since 1991, nearly \$1.9 million dollars has been distributed to fund beautification projects of public parks and lands. The person responsible for this tremendous impact is Margaret Annis Boys (see story on page). Miss Boys' estate established the Margaret Annis Boys Trust at the Oklahoma City Community Foundation with a gift of \$1.5 million. The gift has funded numerous projects including supporting Oklahoma City Beautiful's Adopt-a-Park Program, median improvements in a downtown neighborhood and enhancements within a Midwest City public park.

Clean and Beautiful Schools Program

In its sixth year, the Clean and Beautiful Schools Program continues to have an enormous impact at elementary schools and surrounding neighborhoods in Oklahoma County. The program was initiated by the Trustees as a means of addressing the appearance of public lands through the maintenance, safety and beautification on elementary school grounds.

Schools, both public and private, very often inhabit large parcels of land and can be a cornerstone of their neighborhoods. Thus, the appearance and safety of these grounds is important. Participation in the program requires the involvement of not only school officials but students, parents, grounds maintenance workers and neighboring businesses and residents. The result is a widespread awareness and appreciation of the impact of improving the appearance of the school grounds. To date, more than 200 schools have participated in the program.

An important component of the Clean and Beautiful Schools Program is the support provided to maintenance workers at the schools. Twice-yearly maintenance networking workshops are held free-of-charge to maintenance workers from schools participating in the program. The workshops provide an opportunity to discuss building safety issues, plant material selection, the proper use of equipment and grounds maintenance techniques.

CROWN HEIGHTS-EDGEMERE HEIGHTS NEIGHBORHOOD ASSOCIATION

In 1973, two adjacent historic neighborhoods in central Oklahoma City joined together to form a nonprofit organization that supports projects to enhance the quality of life for residents. The Crown Heights-Edgemere Heights Neighborhood Association contracts with the city to maintain five public areas within the neighborhoods including the entryway at Northwest 36th Street and North Walker Avenue. A 2006 Parks & Public Spaces Initiative grant helped the group improve the landscaping in a park that serves as an entryway.

NEW OPPORTUNITIES SCHOLARSHIP INITIATIVE

In 1998, the Trustees launched the New Opportunities Scholarship Initiative in an effort to ensure all high school seniors in central Oklahoma who had the desire to continue their education could do so. The initiative is comprised of six programs that meet very specific needs. An important component of the initiative is the Oklahoma County Guidance Counselor Network. For more information, please contact Anna-Faye Rose at 405/235-5603 or a.rose@occf.org.

The scholarship portion is comprised of five programs that meet very specific needs: Community Foundation Scholars, Foundation of Promise Scholars, Oklahoma Youth With Promise Scholars, Non-Traditional Scholars and a Nurse Education Program. Since its inception, the initiative has awarded more than \$1.5 million in scholarships to worthy students.

Community Foundation Scholars *Rewarding Good Students and Good Citizens*

The Community Foundation Scholars program rewards the underserved segment of college-bound students – those who do not qualify for the most competitive academic scholarships but who are good students and who are involved in school activities and in their communities. The \$1,200 per student scholarship is a means by which the Oklahoma City Community Foundation can encourage the recipients to be successful college students. Recipients represent every public and private high school in Oklahoma County as well as Moore, Mustang, Yukon and Piedmont. In fiscal year 2007, two Norman high schools will begin participating in both the Community Foundation Scholar and Foundation of Promise Scholar programs.

In 2006, 86 students received Community Foundation Scholar awards.

The Power of Endowment

SIMPLE. FLEXIBLE. FOREVER.

Foundation of Promise Scholars *Starting a Family Tradition*

Through the Foundation of Promise Scholars program, the Oklahoma City Community Foundation is helping students become the first in their family to pursue a post-high school education. Scholarship recipients applied as high school Juniors and were approved for a program of specific activities that prepare them for college admission. Upon completion of the activities, a student receives a \$1,200 award to any accredited post-secondary educational institution.

In 2006, 70 students received Foundation of Promise awards.

Non-Traditional Scholars *Encouraging Adults to Give A Go!*

Helping adults re-enter the educational system is the goal of the Non-Traditional Scholars program. Working with six agencies, the Oklahoma City Community Foundation identifies students who want to continue their education either at a college or through vocational training. The students also receive mentoring from the referring agency as they pursue the new educational opportunity.

RECOGNITION LUNCHES

Each year, the Oklahoma City Community Foundation hosts luncheons to honor those students receiving Community Foundation Scholar awards and Foundation of Promise awards as well as recognize the students' guidance counselors. In 2006, a total of more than 500 students, parents, counselors, Trustees and donors attended these events.

Oklahoma Youth with Promise

Providing Encouragement to Oklahoma's Foster Children

The Oklahoma City Community Foundation works with both public and private agencies to help the forgotten children – those who “age out” of the state’s foster care system and yet have a desire to pursue post-high school education. In addition to the scholarship award, students receive key support from a dedicated group of volunteer mentors.

Most recently, 30 former foster care children received a Youth With Promise award.

Nurse Education Program

Responding to the Community's Need

In an effort to address the qualified staffing challenges facing area hospitals, the Oklahoma City Community Foundation collaborated with five metropolitan hospitals to launch the Nurse Education Program in 2003. The program offers scholarships to nurses employed at the participating hospitals and who are working toward a bachelor’s degree or certification in nursing.

In 2005-06, the program provided \$32,000 in scholarships to 26 nurses at the following hospitals: Children’s Center, Integris (Baptist Medical Center and Southwest Medical Center), Mercy Health Center and St. Anthony Hospital.

The Oklahoma County Guidance Counselor Network

By improving the quality of guidance services at the high schools, every student in Oklahoma County can benefit from the New Opportunities Scholarship Initiative.

An important ingredient of the New Opportunities Scholarship Initiative is the involvement of the guidance counselors at each of the high schools in Oklahoma County. For many students, the guidance counselor is an important source of information on college admissions and financial aid resources. Counselors also encourage students to think about a wide range of educational opportunities after high school.

Through the Oklahoma County Guidance Counselor Network, the Oklahoma City Community Foundation hosts two free workshops a year that feature specific information, updates on pertinent issues and campus visits to universities, colleges and technology centers both in Oklahoma and in neighboring states. As an added incentive for participation, the Oklahoma City Community Foundation provides at least one Community Foundation Scholars award to each high school with a participating guidance counselor.

GOVERNANCE & ADMINISTRATION

Since 1969, the Oklahoma City Community Foundation has been able to maintain a constant level of excellence thanks to the leadership and vision of the Board of Trustees, committee members and staff. In addition to the death of our founder, John E. Kirkpatrick, during the past year we lost several community leaders who played a role in the success of our organization. John Kilpatrick Jr., Edward C. Joullian III and John W. Rex are featured below. See back inside cover for a tribute to Marilyn Myers.

John Kilpatrick Jr.

John Kilpatrick Jr. served as a Trustee from 1975-80 and was President of the Board in 1979. A native Oklahoma Citian, Mr. Kilpatrick was a successful businessman and noted civic leader who was devoted to the improvement of our community and state. The Kilpatrick Turnpike is named in his honor and recognizes his many years of service on the Turnpike Authority. Prior to his death in 2005, he was a member of the Parks & Public Spaces Committee.

Edward C. Joullian III

Edward C. Joullian III served as a Trustee from 1979-1985 and was President of the Board from 1982-84. Mr. Joullian was a prominent businessman who served as chairman of the board of Mustang Fuel Corporation until his death in September 2006. He served in leadership roles with numerous civic organizations. Mr. Joullian was devoted to the Boy Scouts and was recognized for his commitment with numerous honors from the organization.

Our Board of Trustees is comprised of 15 committed individuals representing community organizations and donors. The Trustees direct policy, provide leadership for programs that address community issues and opportunities and monitor the investment policy to ensure good stewardship of all of our resources. The Executive Committee along with three officers provides administrative and management oversight.

The Investment Committee is responsible for the investment practices and performance. Committee members are a group of respected community leaders who are highly knowledgeable about making investment decisions and who receive outside counsel from James Hotchkiss of Chicago, Ill. (see page 87 for a list of Investment Committee Members). In addition, other committees provide leadership in specific management areas and are listed on this page.

A fulltime professional staff of 22 oversees the day-to-day operations and details in the area of administration, fund management, accounting, development and marketing, community programs and communications. Nancy Anthony marked her 21st year as executive director in 2006, the sixth director of the organization in its 37-year history. Carla Pickrell, director of administration, has been in that position for 20 years. The Oklahoma City Community Foundation Trustees and staff are committed to superior governance and administration.

John W. Rex

John Rex served on the Audit Committee from 2000 until his death in 2006. A CPA, John was president of American Fidelity Assurance Company. He was a generous contributor of his time and leadership to many Oklahoma City organizations, especially in support of public schools and other educational efforts. We appreciate his commitment to the work of the Audit Committee and the credibility he brought to our organization.

INVESTMENT REPORT

Asset allocation and investment discipline are critical elements for good long-term investment performance. And while the specifics of the investment structure has altered during the 36-year history of the Oklahoma City Community Foundation, the use of investment professionals has played a key role from the start. The Investment Committee works with carefully chosen, style-specific investment managers who strive for the best possible return. In fiscal year 2006, our return of 6.82 percent compared favorably to the benchmark index of 5.54 percent.

The Power of Endowment

SIMPLE. FLEXIBLE. FOREVER.

Investment Performance Pooled Investments

The investment policy of the Oklahoma City Community Foundation calls for a portfolio of stocks and bonds that is highly diversified. Capital preservation, protection against inflation and long term growth are the fundamental objectives of the Community Foundation's investment strategy.

Responsibility for investment policy and manager selection rests with a seven member investment committee composed of four Trustees or former Trustees and three non-Trustee Oklahoma City community leaders with strong investment expertise. The investment committee for fiscal year 2006 was chaired by Paul W. Dudman and included James Daniel, William Shdeed and Ronald J. Norick. Community representatives were Kenneth Brown, Steven C. Davis and John Linehan. Kirkland Hall, James H. Holloman Jr., Bill Johnstone, Christian K. Keesee, Stephen Mason and Jenee' Naifeh Lister served as ex-officio members.

This committee, along with investment counsel, James Hotchkiss and Associates, determines asset allocation between equity and fixed income investments. Currently, the target percentage of the general pool invested in equities is 65 percent with 35 percent in fixed income investments. To provide diversity in the portfolio, the committee addresses allocation to different styles of equity management and chooses style-specific professional investment managers. Investment portfolios and performance are reviewed quarterly by the investment committee, with the managers being judged on a time horizon of three to five years.

A complete description of investment policies and a full investment report are available. If you would like a copy, please contact Carlo Pickrell at 405/235-5603 or c.pickrell@occf.org

INDEPENDENT AUDITORS' REPORT

The Board of Trustees
Oklahoma City Community Foundation, Inc.
Oklahoma City, Oklahoma

We have audited the accompanying consolidated statements of financial position of Oklahoma City Community Foundation, Inc. and its affiliated organizations (the "Foundation") as of June 30, 2006 and 2005, and the related consolidated statements of activities and cash flows for the years then ended. These consolidated financial statements are the responsibility of the Foundation's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the consolidated financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Oklahoma City Community Foundation, Inc. and its affiliated organizations as of June 30, 2006 and 2005, and the changes in their net assets and their cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audits were made for the purpose of forming an opinion on the consolidated financial statements taken as a whole. The Oklahoma City Community Foundation and Affiliated Organizations--Schedule of Assets is presented for purposes of additional analysis of the consolidated financial statements and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audits of the consolidated financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the consolidated financial statements taken as a whole.

NOTE A—ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

Oklahoma City Community Foundation, Inc. (the "Foundation") was incorporated December 30, 1968, under the laws of the State of Oklahoma, as a not-for-profit organization without capital stock to serve the charitable needs of the Oklahoma City area through the development and administration of endowment funds with the goal of preserving capital and enhancing its value for the benefit of the Oklahoma City area.

Basis of Accounting: The consolidated financial statements of the Foundation have been prepared on the accrual basis of accounting and, accordingly, reflect all significant receivables, payables, and other assets and liabilities.

Reporting Entity: The consolidated financial statements include the assets, liabilities, net assets, changes in net assets, and cash flows of the Foundation. The Foundation has approximately 1,000 component funds and twenty-seven affiliated organizations.

NOTE A—ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES—Continued

Reporting Entity—Continued: The affiliated organizations are included with the Foundation in the accompanying consolidated financial statements because the Foundation has an economic interest in the organizations and effectively controls the affiliated organizations' boards of trustees. Further, distributions made by the affiliated organizations exclusively benefit the charitable and educational purposes of the Foundation. All material interorganization transactions have been eliminated.

Basis of Presentation: Financial statement presentation follows the recommendations of the Financial Accounting Standards Board in its Statements of Financial Accounting Standards (SFAS) No. 116, *Accounting for Contributions Received and Contributions Made*; No. 117, *Financial Statements of Not-for-Profit Organizations*; and No. 136, *Transfers of Assets to a Not-for-Profit Organization or Charitable Trust That Raises or Holds Contributions for Others*.

Under SFAS 116 and 117, the Foundation is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. Contributions received are reported as unrestricted, temporarily restricted, or permanently restricted support, depending on the existence or nature of any donor restrictions. The standards also provide that if the governing body of an organization has the right to remove a donor restriction, the contributions should be classified as unrestricted net assets. The Foundation receives contributions from donors with advice regarding distribution of the assets and the earnings therefrom. The Foundation attempts to meet the desires expressed by the donors at the time of the contribution; however, the Foundation reserves the right to modify any restrictions or conditions on the distribution of funds for any specified charitable purpose or to specified organizations if, in the sole judgment of the Foundation's board of trustees, such restrictions or conditions become unnecessary, incapable of fulfillment or inconsistent with the charitable needs of the community. Accordingly, the consolidated financial statements classify all net assets as unrestricted, with the exception of assets related to charitable lead and remainder trusts, which are classified as temporarily restricted net assets due to the time restrictions of the assets.

SFAS 136 requires the Foundation to account for assets that are contributed by a not-for-profit organization for the benefit of that not-for-profit organization or one of its affiliated organizations as a liability to the specified beneficiary concurrent with its recognition of the assets received. All assets of this type, and the activity associated with those assets, are reported as agency transfers subject to SFAS 136 in the consolidated financial statements.

Investments: Securities and other investments are managed by various investment managers. Substantially all investments are held under a master custodial arrangement by a bank trust department.

Cash Equivalent Funds and Securities: Cash equivalent funds, U.S. government obligations, asset backed obligations, bonds, mutual funds, equity index funds, bond index funds, and common and preferred stocks are reported at fair value in the accompanying consolidated financial statements. Fair values are based on quoted market prices, if available, or the best estimate of fair value determined by the Foundation or the investment manager. Realized gains and losses on sales of securities are computed on the average cost basis.

Cash equivalent funds are comprised of short-term, highly liquid investments that are readily convertible into known amounts of cash.

Real Estate: Real estate is carried at cost or, if donated, the estimated fair value at the date of donation, net of accumulated depreciation of approximately \$955,000 and \$651,000 at June 30, 2006 and 2005, respectively. Substantially all real estate is leased to a related party under four non-cancelable agreements which expire between 2010 and 2016. There are no expense obligations for the Foundation under these lease agreements. Future minimum payments under non-cancelable leases are expected to be approximately \$900,000 per year through 2011 and total \$2,500,000 thereafter.

Oil and Gas Properties: Oil and gas properties are carried at cost or, if donated, the estimated fair value at the date of donation, net of accumulated depletion of approximately \$627,000 and \$614,000 at June 30, 2006 and 2005, respectively. Depletion of oil and gas properties is based on estimated reserves.

Limited Partnership Interests: Investments in limited partnership interests are reported at estimated fair value. Fair value is generally determined by independent appraisal at the time the gift is made and is revalued periodically using information relating to the value of the underlying assets and other factors deemed relevant to the valuation.

Contributions Receivable: Contributions receivable, which arise primarily from trusts and estates, are valued at present value at the financial statement date. This valuation assumes collection within one year; however, due to the nature of the receivables, the final settlement dates are uncertain. All amounts are expected to be fully collected. No amounts have been recognized in the consolidated financial statements for conditional promises to give because the conditions on which they depend have not been substantially met. At June 30, 2006 and 2005, conditional promises to give total approximately \$1,393,000 and \$1,498,000, respectively.

Property and Equipment: Property and equipment is carried at cost or, if donated, at the estimated fair value at the date of donation. Depreciation is computed using the straight-line method over the estimated useful lives of the assets. The estimated useful lives are three to five years for furniture, fixtures, and equipment, and twenty years for buildings.

Collections: The Foundation does not include either the cost or the value of its collections in the consolidated statements of financial position, nor does it recognize gifts of collection items as revenues in the consolidated statements of activities.

Other Assets: Other assets consist primarily of life insurance policies in which the Foundation is the beneficiary. These assets are carried at their cash surrender values and all other assets are carried at cost, or, if donated, at the fair value at the date of donation.

Assets Held for Others: Assets held for others represents the portion of assets related to charitable lead and remainder trusts that are held for the donor or other designated beneficiary and amounts due to recipients as agency transfers. The liability for assets held under trust agreements is equal to the present value of the expected future payments to be made to the donor or other designated beneficiary. The liability for assets held for others on agreements in which the Foundation is named as the charitable beneficiary but the designation is revocable is equal to the fair value of the assets. The liability for agency transfers totals \$10,000 and \$99,000 at June 30, 2006 and 2005, respectively.

Contributions Received: Contributions received are generally recorded as unrestricted net assets. It is the expressed intention of the Foundation to honor the designations of donors; however, the Foundation reserves the right to exercise final control over all funds.

Donated Assets: Donated marketable securities and other noncash donations are recorded as contributions at their estimated fair values at the date of the donation.

Donated Services: No amounts have been reflected in the consolidated financial statements for donated services. The Foundation pays for most services requiring specific expertise.

Grants and Program Services: Grants and program services represent amounts awarded to various not-for-profit organizations to assist with funding of general operations or special programs. Grants and program services payable consist of unconditional amounts awarded, but not paid, to not-for-profit organizations. Grants to be paid after one year are discounted to net present value of estimated future cash flows. Grants dependent on the occurrence of a specified and uncertain event are not recognized until the conditions on which they depend are substantially met.

Functional Allocation of Expenses: The costs of providing the various programs and other activities have been summarized on a functional basis in the consolidated statements of activities. Costs are allocated between development, general and administrative, or grants and program services based on evaluations of the related activities. General and administrative expenses include those expenses that are not directly identifiable with any other specific function, but provide for the overall support and direction of the Foundation.

Income Tax Status: The Foundation and its affiliated organizations are exempt from federal income tax under Section 501(c)(3) as an organization described in Section 501(c)(3) of the Internal Revenue Code (the "Code"), and have been determined not to be a private foundation under Section 509(a) of the Code. As a result, income taxes are not included in the accompanying consolidated financial statements.

Concentration of Credit Risk: The Foundation maintains cash in bank deposit accounts that, at times, may exceed federally insured limits. The Foundation has not experienced any losses in such accounts and believes that it is not exposed to any significant credit risk on cash or cash equivalents.

Use of Estimates: The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affects the reported amounts of assets and liabilities and disclosed contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Estimates that are particularly susceptible to significant change include the valuation of contributions receivable. Management's estimate is based on consideration of all relevant available information and an analysis of the collectibility of individual contributions, which arise primarily from trusts and estates, at the financial statement date.

NOTE C—PROPERTY AND EQUIPMENT

Property and equipment is summarized as follows:

	June 30	
	2006	2005
Land	\$ 332,450	\$ 327,450
Building	138,548	138,548

Less: Accumulated depreciation	599,658	552,423
	<u>\$ 809,176</u>	<u>\$ 561,000</u>

The Foundation has entered into two contracts totaling approximately \$4,000,000 to construct a building for use in operations. The work is scheduled to be substantially complete on July 1, 2007.

NOTE D—SPLIT-INTEREST AGREEMENTS

At June 30, 2006 and 2005, the Foundation has recorded approximately \$2,720,000 and \$2,046,000, respectively, in fair value of various split-interest agreements as an asset in its consolidated statements of financial position. Assets received under these agreements are recorded at fair value and in the appropriate net asset category. Related contributions per the agreements are recognized as contribution revenue and are equal to the present value of future benefits to be received by the Foundation over the term of the agreements. Contribution revenue related to these agreements totaled approximately \$933,000 and \$30,000 in 2006 and 2005, respectively. Liabilities have been established for those split-interest agreements for which the Foundation is the trustee or for which the Foundation is obligated to an annuitant under a charitable gift annuity. These liabilities totaled approximately \$1,951,000 and \$1,545,000 at June 30, 2006 and 2005, respectively. During the term of these agreements, changes in the value of the split-interest agreements are recognized in the consolidated statements of activities based on accretion of the discounted amount of the contribution, and revaluations of the expected future benefits (payments) to be received (paid) by the Foundation (beneficiaries), based on changes in life expectancy and other assumptions. Discount rates ranging from 3.8% to 8.0% were used in these calculations at the dates of the contributions. Split-interest agreements for which the Foundation is the trustee but the charitable beneficiary is revocable are included in the assets and liabilities above. The liability for these revocable agreements is equal to the fair value of the assets.

NOTE E—GRANTS AND PROGRAM SERVICES PAYABLE

Grants and program services payable consist of unconditional amounts awarded, but not paid, to various not-for-profit groups.

Unconditional grants payable are as follows:

	June 30	
	2006	2005
Payable in less than one year	\$ 7,536,381	\$ 7,212,899
Payable in one to five years	6,653,066	9,869,792
Total grants payable	14,189,447	17,182,691
Less 3% discount to present value	265,557	512,245
Net grants payable	<u>\$ 13,923,890</u>	<u>\$ 16,670,446</u>

The Foundation's trustees have also approved conditional grants and program services totaling approximately \$235,000 and \$166,000 at June 30, 2006 and 2005, respectively. No amounts have been recognized in the consolidated financial statements because the recipient agencies have not met certain conditions of the grant.

NOTE F—COLLECTIONS

The Foundation maintains various collections of works of art, historical treasures, and similar assets. These collections are maintained for public exhibition, education, and research in furtherance of public service rather than for financial gain. These assets are protected, kept unencumbered, cared for, and preserved by the Kirkpatrick Center Affiliated Fund. As a matter of policy, the proceeds of items in collections that are sold are used to acquire other items for collections.

The Foundation maintains nine separate collections, including the African Art Collection, Asian Art Collection, Boehm Collection, Baker Collection, Clock Collection, Payne Collection, Sutton Collection, Pre-Columbian Collection, and Victorian Doll House Collection. Each of these collections is subject to the policies referred to above.

NOTE G—CONTRIBUTED SERVICES

Several of the Foundation's trustees who assist the Foundation with special projects provide contributed services. No amounts have been recognized in the consolidated statements of activities because the criteria for recognition have not been satisfied.

NOTE H—RETIREMENT PLAN AND OTHER BENEFITS

Substantially all employees of the Foundation participate in the Retirement Plan of Oklahoma City Community Foundation, Inc. (the "Plan"), commonly known as a Section 403(b) plan. Under the Plan, the Foundation contributes 10% of the respective employee's regular salary to provide retirement benefits. In addition, employees may contribute a specified percentage of their regular salary to the Plan. The total amount contributed by the Foundation and the employee cannot exceed 100% of the employee's regular salary, subject to Internal Revenue Service limitations. Contributions made by the Foundation are 100% vested after six years of service. Benefits paid under the Plan are limited to the sum of the employee's and the Foundation's contributions and investment earnings on those contributions. The Foundation contributed approximately \$108,000 and \$107,000 to the Plan during the years ended June 30, 2006 and 2005, respectively.

The Foundation entered into severance benefit agreements with selected key executives. Split-dollar life insurance premiums of approximately \$143,000 and \$130,000 are included in other assets, and severance benefits payable of approximately \$264,000 and \$230,000 are included in accounts payable and other liabilities at June 30, 2006 and 2005, respectively.

NOTE I—AGENCY TRANSFERS SUBJECT TO SFAS 136

The Foundation follows the provisions of SFAS 136, *Transfers of Assets to a Not-for-Profit Organization or Charitable Trust That Raises or Holds Contributions for Others*. This statement establishes standards for transactions in which the Foundation accepts a contribution from a donor and agrees to transfer those assets, the return on investment of those assets or both to another entity that is specified by the donor. SFAS 136 specifically requires that if a not-for-profit organization establishes a fund at a community foundation with its own funds and specifies itself or one of its affiliated organizations as the beneficiary of that fund, the community foundation must account for the transfer of such assets and the activity associated with those assets as a liability.

The Foundation maintains variance power, as described in the governing documents of the Foundation, and legal ownership over these funds and, as such, continues to report the funds as assets of the Foundation. Variance power assures donors that if the charitable purpose of their contribution becomes impractical or impossible, the distributions will be directed to similar purposes in the community. A liability for agency transfers subject to SFAS 136 has been established for the fair value of the assets contributed by not-for-profit organizations for their benefit in the amount of approximately \$65,850,000 and \$63,628,000 at June 30, 2006 and 2005, respectively.

MARILYN BEMIS MYERS 1930-2006

For more than 30 years, Marilyn Myers was an active supporter of Oklahoma City and her imprint is visible throughout the community. After serving as the first director of the Arts Council of Oklahoma City, Marilyn joined the Kirkpatrick Foundation as its executive director in 1983. Later, as director of the Kirkpatrick Family Fund, she played a pivotal role in the charitable interests of the Kirkpatrick family. Because of their interest in developing endowments for charitable organizations, Marilyn became one of the greatest advocates for the Charitable Organization Endowment Program at the Oklahoma City Community Foundation and helped to develop matching opportunities for more than 130 organizations. Marilyn served as an officer of the Oklahoma City Community Foundation Board until her death. Her encouragement and support will have a lasting impact.

A SNAPSHOT OF THE YEAR

In fiscal year 2006, the Oklahoma City Community Foundation:

Received \$20.8 million in contributions, growing total assets to more than \$482 million.

Awarded \$14.4 million in grants and distributions.

Welcomed more than 70 new funds, including 34 advised funds, 12 scholarship funds, 14 charitable organization endowments and 13 memorial funds.

Launched two initiatives to address community-wide issues: healthy lifestyles and adult literacy.

Recognized as one of 300 community foundations in compliance with the National Standards for U.S. Community Foundations: the first Oklahoma community foundation to receive the distinction.

Started construction of new community building to be completed in Summer 2007.
