Your Connection to Local Charities

Providing resources to strengthen Oklahoma public libraries, Friends of Libraries in Oklahoma (FOLIO) is critical to the literacy development of communities throughout our state.

A small organization, FOLIO recognized the need for a perpetual income to sustain its mission and established the Friends of Libraries in Oklahoma Fund at the Oklahoma City Community Foundation a decade ago with an initial gift of \$8,000. Since then, FOLIO has regularly participated in the Kirkpatrick Family Fund's Matching Endowment Program, as well as designated gifts from their annual Mother's Day fundraising campaign to support the endowment. These small but mighty tasks have helped grow their endowment fund to more than \$100,000, generating annual distributions of nearly \$5,000 back to the organization.
